

Independent Hydraulic, Inc. was founded in 1985 as a premium reseller of new, surplus and used hydraulic pumps, motors, and other equipment.

Located in Conroe, Texas for over two decades, we service not only Houston and surrounding areas, but companies all across the country.

Over the ensuing years, we have grown to service, repair, test and sell hydraulic equipment to all types of industries such as construction, oilfield, railroad, agricultural and many others.

We occupy a 16,000 square foot facility housing 400 hp. and 200 hp. test stands.

We are well known for our friendly, prompt and fairly priced service. Our turnaround services are usually completed in 3 to 5 working days. And of course, all repairs, parts and testing are fully guaranteed.

IHI is dedicated to doing whatever it takes to get your equipment up and running in a safe, timely fashion.

Please visit us and see what service is all about.

INDEPENDENT HYDRAULIC, INC.

CONROE, TEXAS

Keeping a business operating successfully for over 30 years isn't an easy task. Many businesses fail because they forget one thing: *the customer comes first.* At **Independent Hydraulic, Inc.** we've been successfully serving our customers, our lifeblood, since 1985. Through the ups and downs of the energy industry, economic downturns, and technology booms, we've been there for our customers providing sales, repair, testing, and remanufacturing services for pumps, motors, and other hydraulics.

In addition to offering a large supply of in-stock equipment, we are proud to offer special pricing to dealers, wholesalers, and resellers. Our factory-trained technicians give you fast turnaround with the quality and assurance that you would expect from a company like IHI.

We also service additional types of equipment including those for the agricultural and forestry industries. Give us a call. You won't find another company with the track record, value, and quality offered by **Independent Hydraulic, Inc.**
